

Stop single-use plastic.

Strive for total elimination of plastic and superfluous packaging within the establishment.

1

Dematerialize and digitalize more responsibly.

A more responsible approach to digital use (fewer unnecessary e-mails, regular cleaning of mailboxes, optimized use of printers).

2

3

Reduce our energy and water consumption.

A more rigorous monitoring of our consumption, with reduction targets. Increase customer awareness of eco-actions.

Our CSR Charter

The Victoria Palace is committed and acts daily for the planet, but also for the women and men who make it up. With several actions already in place, we are continuing our efforts to lead today's hotel industry into tomorrow.

"We do not inherit the earth from our ancestors, we borrow it from our children."
Antoine de Saint-Exupéry

4

Develop recycling.

Improve the selective sorting and recycling system for all our waste and reduce food waste.

5

Reduce our carbon footprint.

We are aiming for an overall annual reduction of 4.2%, as recommended by the Paris agreements.

6

Promote & enhance the local economy and heritage.

Further develop partnerships with local shopkeepers and promote Paris' cultural heritage.

7

Working with ever more responsible suppliers.

Increase the number of local/AB/labeled products and promote local artisans. Work with our suppliers to reduce superfluous packaging and make delivery more eco-responsible.

8

Continuing to improve working conditions for employees

Maintain and/or improve our 4.23/5 rating for quality of life at work, obtained from the Peace & Work label. Continue to respect our HR ethics charter.
